## VIVREAU Bottler

### OVERVIEW

The VIVREAU Bottler is the easy to use water dispenser perfect for offices, conference and banqueting rooms. Offer employees, guests and visitors unlimited quantities of premium filtered chilled still and sparkling water.

### BRITA BOTTLES

We have a variety of exclusive and beautifully designed carafe style bottles, available in high grade commercial glass as well as a high quality BPA free plastic. All bottles can be branded with your own logo, and look great on a meeting room table.

Our bottles perfectly  
compliment your system

Keep your staff happy  
and hydrated

Unlimited filtered water  
on demand

## HOW WE CAN HELP WITH YOUR COMPANY'S CSR

Businesses around the world are continually trying to find ways of reducing their carbon emissions.

BRITA Vivreau calls on all businesses to develop an ethical approach to water, ensuring their water policy doesn't harm the environment but instead promotes an exemplary commitment to Corporate Social Responsibility.

By introducing a mains fed VIVREAU Bottler you can eradicate deliveries of pre-bottled mineral water, free up valuable storage space and do away with plastic/glass waste.
