VIVREAU ViTap

OVERVIEW

The VIVREAU ViTap is the easy to use multifunctional water dispenser for tea point areas, offices, conference and banqueting rooms. Besides supplying instant filtered chilled still and sparkling water, it also dispenses hot water.

BRITA'S AIM

At BRITA we have always cared about the environment. Our philosophy is to provide the best quality water from the most local source, eliminating the need for costly and polluting transportation and packaging.

Our bottles perfectly complement your system

Keep your staff happy and hydrated

Instant hot water on demand

HOW WE CAN HELP WITH YOUR COMPANY'S CSR

Businesses around the world are continually trying to find ways of reducing their carbon emissions.

BRITA Vivreau calls on all businesses to develop an ethical approach to water, ensuring their water policy doesn't harm the environment but instead promotes an exemplary commitment to Corporate Social Responsibility.

By introducing a mains fed VIVREAU ViTap you can eradicate deliveries of pre-bottled mineral water, free up valuable storage space and do away with plastic/glass waste.
